Briefly, what this program is for?

If you have a group of 5 ~ 50 guests, this Bingo game will certainly add fun to your party. Suitable for pot-luck gatherings, long-distance tour in coaches, parties, annual dinners etc. Do not use it for gambling purposes.

Six cards printed per page on A4-size paper.

4 grey cells randomly distributed on card. Only one grey cell per row and per column.

Random numbers from 1 to 30 in ascending order.

Insert your own slogan.

What does the program do?

This program will print out Bingo cards on A4 papers. Six Bingo cards are printed per page (see screenshot below). You need to do some work cutting them into six separate cards.

You can decide how many pages to print depending on the number of guests you are going to entertain.

Each card has different combination of random numbers ranging from 1 to 30.

How to play the game?

1. Give each guest a BINGO card.

2. The Host calls numbers from 1 to 30 randomly.

> *TIPS: To make the calls more interesting, call the numbers in your own style:*
>
> > *"It takes TWO to tango"*
> >
> > *"Snow White and the SEVEN dwarfs"*
> >
> > *"The TWELVE disciples of Jesus Christ"*

3. Guests tick the numbers accordingly if the numbers match the ones on their cards.

> *TIPS: Give each guest a bamboo toothpick to pierce the matching numbers if you have many guests. Or you can prepare 50 pencils if you like.*

4. The first guest that completes any one vertical row <u>plus</u> any one horizontal row wins a small prize.

5. The first guest that completes ALL numbers is the final winner. Give him a 42" LCD television!

6. In 4 or 5, the winner must shout "**BINGO!**" loud and clear. Otherwise, no prizes.

Do I have to pay for using this program?

No. This is a freeware.

Can I use my own logo image and bottom text remark on the card?

Yes, but we charge a fee for generating a custom version. Please contact us at our Helpdesk at www.upoint.info/contact.htm .

Can I modify or distribute this program?

- You are allowed to publicly distribute this program in its original state.
- You are not allowed to charge any fee for such distribution.
- You are not allowed to modify the program without the permission from UPDI Network Enterprise.
- You are not allowed to remove any UPOINT branding and copyright statement.
